

Nature Suve Herbal Anti Acne Cream

Product Description

Nature Suve Herbal Anti Acne Cream is a skincare cream formulated for acne prone and oily skin. It is designed to help maintain clean looking skin while supporting a smoother and more balanced appearance. The cream has a lightweight texture that can be applied easily to the face and neck.

The product contains botanical extracts and skin care ingredients such as aloe vera extract, sunflower oil, glycerin, licorice extract, mulberry extract, lemon extract, vitamin E and allantoin. These ingredients are commonly used in skincare products to help moisturize and condition the skin.

Key Features
