

D DIGICOD fluids & machinery

Industrial Automation & Printer

services

LOW COST HIGH EFFICIENCY

Standard Color

Black

Optional Color

digicod-600

Features :

1. quick-dry within 500 microseconds

3. Best automatic clearness

4. low consumable cost

5. Fast delivery

Detailed parameters

Printing Lines:1-4 lines for alphabet and number.

Printing Speed: 1.8m/s (5* spot lattice)

Trigger Mode of Printing: Automatic, Photo-electric, coder (synchronizer, meter counter), Photoelectric coder

Printing times:Several times Printing since once induction

Alphabet Lattice: 4×7,5×5,5×7,7×9,6×12,8×16,9×16,12×16,8×7

Numeric Lattice: 4×7,5×5,5×7,7×9,6×12,8×16,9×16,12×16,8×7

Chinese character: 12×12,16×16,16×16(running script), 24×24.

Edit function:intraply hybrid, rotate, combination, variety of different fonts, space or bold etc. in 36 spot lattice.

Picture edit: Any Logo in 36 spot lattices

Bmp download capacity: 10 Kb in maximum

Memorize capacity: 40 pieces for printing information and 20 pieces for picture information

Length of Information: 5000 spot lattices

Ink consume:500ml ink for 60,000,000 spots.

Meter counting:Can print at different length unit

20 numbers of random code can be print
