## About Us

When it comes to cooling solution providing company, the name of Siberian Refrigeration LLP comes first in the name. No doubt, from last four years, the company has gained a reputed position in the marketplace. We established in the year 2014 with a vision to encompass the global market with our world class range of cooling & refrigeration equipment. Currently, we design & import all major categories of Kitchen equipment, Condensing Units, Cold rooms, Chillers, Evaporators, Air Cooled Chillers, Walk in Chiller etc. In least time period we have maintained immense good will in the market place and continuously growing in the market with increasing number of satisfied clients list.

Our expertise to provide cold chain solution helps us a lot to deliver world class solution to the clients in the same areas. We have expert R & D team which keeps on searching new methods for improvement in quality & technology of products without much variation in production costs. Perfection & quality are also the major priorities of our research and development experts. We believe in building long term relations and for the same we have a large number of workpersons spread in different corners of India.
