About Us

Sarangal Steel Works has been constantly serving the needs of garment & textile manufacturing industries. Established the organization in the year 2002, we have been engaged as a professional Manufacturer and Supplier of Balloon Pole Dryer Machine, Industrial Laundry Washing Machine, Automatic Hydro Extractor, Industrial Flat Bed Steam Press Machine, Heat Setting Machine, etc. We provide modern and smart machines to the garment industry for meeting the needs of fabricating, heating, cloth rolling, drying, washing, steam pressing and many other purposes. Precisely engineered with optimum utilization of components, our complete range is famous for its smooth functioning, longer functional life, energy efficient nature and application specified designs. The material that we use in the production stage are sourced from the authorized vendors of the domestic market. While fabricating the machinery, we strictly follow industry set guidelines and norms.

We are a quality-centric company having a strong presence in the market with a focus towards the quality of the machines that we provide to the garment and textile industries. To ensure optimum functioning and longer service life of the products, we make use of finest grade material in the manufacturing processes. Latest technology along with hi-tech machines are utilized to produce flawless range in accordance to the international standards. Before the final delivery of the goods, our experts test them on various parameters with the aid of sound instrument and tools.

In Ludhiana, Punjab, we have developed a sophisticated infrastructure set up which is armed with automatic and semi-automatic machines & tools. By optimally using these facilities, we are able to produce Automatic Hydro Extractor, Industrial Flat Bed Steam Press Machine, Balloon Pole Dryer Machine, Industrial Laundry Washing Machine, Heat Setting Machine, etc. on large scale. Segregated into various departments, our whole premise is handled by a group of experienced and knowledgeable professionals. They hold expertise in their respective domain thus, assist us to achieve excellence in all the tasks performed within the organization.
