## About Us

Multitech Infracon Private Limited commenced manufacturing, supplying and erecting prefabricated steel building, pre engineered steel building, as well as world class metal roofing and wall cladding systems of latest design in 2011. Our manufactured Factory Sheds, Industrial Prefabricated Sheds, and Prefabricated Structures have stood the test of time, and are in use at several different locations of India. Working as a Manufacturer, Supplier & Service Provider from Kashipur, Uttarakhand (India), our ISO 9001-2008 certified company has served more than 200 clients, constructed over 200 PEB's of more than 8 Genres spanning over 2 lakh square feet. We have a professional team looking after all fabrication and erection operations. They are factory trained in rendering industrial shed fabrication services as well as construction services for residential building and industrial building.

Multitech Solution is a name to rely on for construction services for residential building and industrial building as well as industrial shed fabrication services. Our Kashipur, Uttarakhand (India) based ISO 9001-2008 certified company fabricates Prefabricated Structures, which can be used for several purposes, for instance, workshop, manufacturing purposes and warehousing. At the initial stages of project, proper planning is executed and efficient communication between the designing and development personnel is carried out. Once the building components are fabricated in-house, our personnel bolt them on-site.
