

# ZUP-GAMA

## ZENITH THREE HEAD WELDING MACHINE

### SPECIFICATIONS

Working Pressure	0.4-0.6Mpa
Air Consumption	200L/min
Welding Length	400-3900mm
Welding Profile Height	20~140mm
Outside Dimension	4800*1000*1700mm
Weight (about)	1200kg

\* We reserve the rights to change the color and design of machines time by time.

### MACHINE FEATURES

- Zenith Three Head Welding Machine is used for welding UPVC profile
- Machine equipped with extra sensor to insure work at set temperature only.
- Digital display insure proper setting of set and achieve temperature.
- Machine PLC and panel is Japanese brand only.
- Machine equipped with Schneider switching with Japanese smps.
- Machine is capable to weld at 90° and v weld both.
- Zenith machine is having extra capacity in height to weld bigger profile.
- Zenith machine is having special alarm to ensure safety against any breakdown.
