

ARE YOU PREPARED FOR AN
EMERGENCY?

AUTOMATED EXTERNAL DEFIBRILLATOR (AED)

Automated External Defibrillators (AED's) are a very important part of any company's first aid station or room. The reality is that without an AED on site, the chance of surviving a sudden cardiac arrest is almost zero.

LIFEPAK CR Plus - fully automatic

- ▶ Fully automatic – easy-to-use two steps
- ▶ Pre-connected electrodes
- ▶ Escalating energy - 200J, 300J, 360J
- ▶ Zero maintenance and longest warranty of 8 years
- ▶ USFDA & CE Certified

LIFEPAK 1000 Defibrillator with Manual Override

- ▶ AED with manual override
- ▶ Rugged construction and vehicle-friendly
- ▶ Flexible power options, rechargeable battery options
- ▶ Escalating energy - 200J, 300J, 360J
- ▶ 3 lead ECG capability
- ▶ Dust & water resistant – IP 55 rated
- ▶ USFDA & CE Certified

HeartSine Samaritan – 350p & 360p AED's

- ▶ HeartSine Samaritan is the most compact light-weight AED
- ▶ 350p is a semi-automatic version & 360p is the fully automatic
- ▶ Portable & light weight (about 1.1 KG)
- ▶ Shock delivered-150J, 150J, 200J
- ▶ Zero maintenance and longest warranty of 8 years
- ▶ USFDA & CE Certified

LUCAS 2 CHEST COMPRESSION SYSTEM

**Effective compressions,
good blood flow leads to lifesaving CPR**

- ▶ Simple & easy-to-use
- ▶ Most effective during resuscitation & transportation
- ▶ Very effective in cath lab & emergency department
- ▶ Compression frequency – 100 to 120 per minute
- ▶ USFDA & CE Certified

EMERGENCY RESUSCITATION STATION

Every minute is precious during a life-threatening emergency. First responder needs all the basic life saving tools handy. This is why; Merquri Medica has designed the Cardiac Emergency Resuscitation Station.

Emergency Resuscitation Station is equipped with an AED, emergency bag with intubation, suction, oxygen cylinder, first aid kit, and a stretcher all packed in the esthetic cabinet.

FIRST AID ROOM

Merquri Medica consults with organizations in designing and implementing first aid stations, medical centers and emergency trauma response centers. These are basic and very important part of any first aid and resuscitation plan for any organization. We have a strong expertise in setting up these centers and training the paramedical staff & ERT personnel to better respond during a medical emergency

A - Stretcher

B - Oxygen Resuscitation Kit

C - MFR Kit

D - Storage for first aid supplies

E - Sharps Container

F - Nitrile Examination Gloves

G - Defibrillator in alarm cabinet

H - Dressing Trolley

I - Examination Couch

J - First Aid Kit

K - First Aid Quick Reference Chart

L - Hand Sanitizer

M - First Aid Manual - Internal Protocol

N - Casualty Report Book

O - Defibrillation Response Chart

AMBULANCE

Merquri Medica designs, fabricates and equips ambulances as per AIS 125 standards. The equipment that we use are internationally tested and certified for safety and dependency.

Ministry of Road Transport and Highways have confirmed that AIS 125 is applicable in India for ambulances from 1 April 2018 onwards. Spencer products are certified AIS 125, National Ambulance Code – 10 G Dynamic Crash Test Certified.

Ambulance is an extension of any emergency department in hospitals and organisations. It is equipped to provide on-board treatment to patients for various kinds of emergencies like Cardiac Management, Monitoring of Vital Signs, Intubation, Suction, splinting of injured limbs etc.

FIRST AID KITS

Merquri Medica is proud to be associated with St Johns First Aid kits manufactured in Tamil Nadu, India. The factory is approved by the drug authority, ISO 9001:2008, ISO 13485:2003 and is schedule M certified.

Our kits range from small personal kits to specialized custom made-Medical First Responder kits that can support mass casualty incidents.

We further custom-make kits & bags as per the client needs with custom branding for bulk orders.
