About Us

Higher productivity and profitability are key requirements for almost all industries, and these can be attained via installing hi tech production/processing machinery and equipment. We, Srichand Engineering & Moulding Co., in business since 1962, have been taking care of such needs and providing innovative and flexible solutions to customers that are tailored to meet their exact processing needs. Our machines like Braiding Machine, High Speed Braiding Machine, Elastic Tape Machine, Bobbin Winding Machine, Twisting Machines, and allied products are manufactured to comply with set quality specifications and quality standards desired in specific field of production. Today, we strive to emerge as a trusted industry resource, i.e., a credible manufacturer and exporter catering to specifics laid down by a broad base of customers, worldwide.

We utilize the most efficient technology in producing our range of machines and see to it that we back all products with excellent quality and affordable prices. We provide a variety of machines, helping customers step by step in finding the exact product they are looking for. It would be more than apt to say that we make all possible efforts to deliver consistent and exemplary quality standards day in day out in our offered machinery range.

Key Facts

Nature of Business	Manufacturer
No of Staff	3
Year of Establishment	1962
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	as per order

Our Products

12 Spindle High Speed Braiding Machine

Braiding Machine Spindles

High Speed Braiding Machine

Lace Braiding Machine

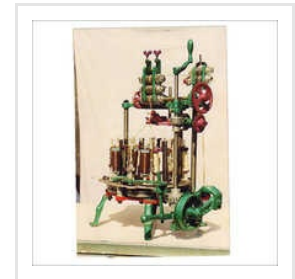

16 Spindle Braiding Machine

Round Braiding Machine

3 Ply Twisting Machine

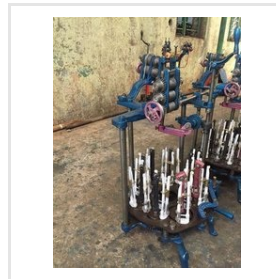

17 Spindle Braiding Machine

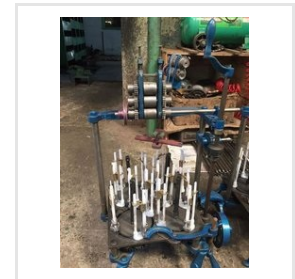

Round Type Rope Braiding Machine

Round Conventional Braiding Machine

Elastic Braiding Machine

Wire Braiding Machine

Textile Braiding Machine

12 Spindle Rope Braiding Machine

Automatic Bobbin Winder

32 Spindle 2 Head High Speed Braiding
