About Us

Liquatech Corporation is considered as a Water and Waste Water Management Company. Water is the most important resource we require for survival, being used in everything from cars to food and retail businesses; daily cleaning and washing; and even just drinking. For many years, we believed that this resource would be available for free forever. We utilized it carelessly, and as a result of the huge mismanagement and water contamination that resulted, we now risk its depletion.

With "AQUAMOM" Brand product range, which is primarily divided into two market verticals, Water Treatment & Waste Water Treatment, Liquatech Corporation has entered the water and sewage water treatment plants market.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	water purifier spare parts,industrial ro membrane,alkaline water ionizer,domestic water purifier,water conditioner,ro water cooler,demineralized water system,sewage treatment plants,effluent treatment plant,uf water purifier
No of Staff	12
Year of Establishment	2014
No of Production Lines	2
OEM Service Provided	No
ProductRange	water purifier spare parts,industrial ro membrane,alkaline water ionizer,domestic water purifier,water conditioner,ro water cooler,demineralized water system,sewage treatment plants,effluent treatment plant,uf water purifier

Our Products

Industrial Sewage Treatment Plant

Industrial Water Softener

Wastewater Effluent Treatment Plant

Water Softener

Sewage Treatment Plant

Sewage Treatment Plant

Water Conditioner

FRP Water Softener

Water Softener

Sewage Water Treatment Plant

Industrial Wastewater Sewage Treatment

MBR Sewage Treatment Plant

Effluent Treatment Plant

Pressure Sand Filter

Demineralized Plant

Reverse Osmosis Plant
