About Us

Established in 1993, Manav Rubber Machinery Pvt. Ltd. has grown to become a trusted name in the manufacturing and supply of high-performance hydraulic presses and precision engineering components. Based in Umbergaon, Gujarat, India, we are a proud manufacturer and supplier of advanced rubber processing machinery and mechanical components, serving clients across various industries in India and abroad.

With over three decades of experience, we have earned a solid reputation for engineering excellence, product reliability, and customer satisfaction. Our journey began with a vision to create robust, efficient, and technologically superior machinery for the rubber and polymer industry. Today, that vision continues to drive our growth and innovation.

At Manav Rubber Machinery Pvt. Ltd., we specialize in designing and manufacturing a wide range of rubber molding and hydraulic machinery, crafted to meet the rigorous demands of modern production environments. Our core product offerings include Laboratory Compression Molding Press, Vacuum Molding Hydraulic Press, Double Station Vacuum Molding Hydraulic Press, Compact Compression Molding Hydraulic Press, etc. Our machines are known for their precision, durability, energy efficiency, and ease of maintenance.

Key Facts

No of Staff	15
Year of Establishment	1993
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	As per Client requirment

Our Products

12x30 Inch Anti-Friction Bearing

Vacuum Molding Hydraulic Press

High Speed Compression Molding

Single Station Compression Molding

Compact Compression Molding Hydraulic

Compression Molding Hydraulic Press

Double Station Vacuum Molding

Compression Molding Hydraulic Press

Compact Compression Molding High Speed

10x24 Inch Anti-Friction Bearing

Manual Lever Operated Compact Compression

Double Station Compact Compression

Compact Type Rubber Vulcanization Molding

Anti-Friction Bearing Rubber Mixing Mill

6x18 Inch Laboratory Rubber Mixing Mill

75 Ltr Heavy Duty Dispersion Kneader
