## BOPP TAPES

**Gluefix**<sup>TM</sup>

### FEATURE :

- BOPP TAPES (CLEAR/BROWN/PRINTED/COLOURED)
- BOPP is Biaxially Oriented Polypropylene
- BOPF Film is coated with water base adhesive
- Printed of single and multiple colors is also possible with Logo or customized design
- Printed with company's logo, it is a self promotion display platform for enterprise
- It is very good for carton box sealing for stationary purpose
- Best option to go for branding purpose
- Provides packaging and sealing solution for both domestic and industrial needs
- Application-mensual grade and machine grade

### SPECIFICATION :

- Size-12MM/24MM/30MM/36MM/  
42MM/48MM/60MM/72MM/96MM
- Colour- clear /brown/coloured
- Printing-single colour/two colour
- MICRON-36/38/40/42/43/45/55
- LENGTH-20MTR-1000MTR

**Gluefix**<sup>TM</sup>

## SINGLE SIDED FOAM TAPE

### FEATURE :

- Polyethylene foam coated with pressure sensitive adhesive on one side.
- Impact resistance

### APPLICATION :

- Sealing of air. Duct and drafts and thermal conductivity characteristics.
- Reduce sound
- Maintains anti-vibration properties

## VHB TAPE

Black heat-resistant self-adhesive VHB foam tape is called VHB tape because it's very high binding.

Black heat-resistant self-adhesive VHB foam tape that adheres to a broad range of substrates, including aluminum, stainless steel, galvanized steel, composites, plastics, acrylic, polycarbonate, ABS, and painted or sealed wood and concrete.

### FEATURE :

- Strong adhesion
- Good waterproof
- Good shock absorption performance
- Good durability designed for permanent bonding
- Clean surface without using of rivet

### APPLICATION :

- Black heat-resistant self-adhesive VHB foam tape is used in Insulation, lithium battery extremely car fixed, transform coil wrapping and fixed, chip inseting. as well as applications across a variety of markets including transportation, appliance, electronics, construction, sign and display, and general industrial.

## MASKING TAPES

A premium and economical general purpose grade Crepe Paper Masking tape provides excellent pressure-sensitive and quick qualities and resistance to water solvent and oils.

### FEATURE :

- Residue free removal.
- Writable grade
- Hand tear able

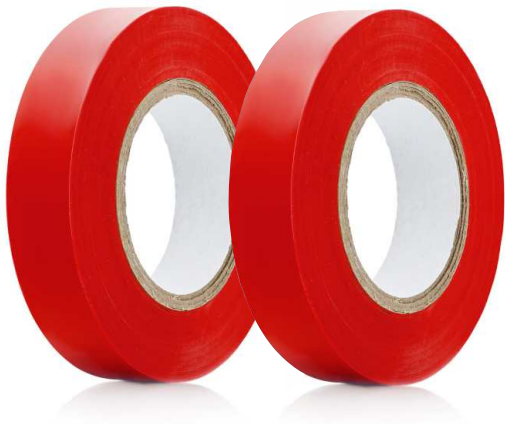

### APPLICATION :

- Masking tape is used in Furniture Industries, paint shop refrigeration, automotive & business machinery, and many other places for general purpose application.
- Masking of painted metal, plastic & rubber surface where staining could be a problem.
- Recommended for a wide variety of packing & light bundling operations.
- Employed to temporarily attach inspection stickers, nameplate instructions, and work orders during manufacturing and assembly operations. For design, painting and bumper applications

## RED POLYESTER TAPE

Double Sided Polyester Tape is double-sided adhesive tape consisting of a transparent polyester film and acrylic adhesive. The adhesive system is especially resistant to plasticizers and offers a secure bond even at elevated temperatures. Reliable bond even to LSE substrates and can be immediately used right after assembly Suitable for most demanding applications such as heavy stress, high temperatures critical substrates.

### FEATURE :

- Adhesive tape-acrylic solvent
- Colour-clear with red liner
- Size-cut roll,log roll

### APPLICATION :

- Mounting of ABS plastic parts in the car industry Self-adhesive mounting of rubber/ EPDM profiles
- Mounting S decorative profiles and moldings in the furniture industry.
- Mounting battery packs, lenses and touch-screens.

**Gluefix**<sup>TM</sup>

## DOUBLE SIDED TISSUE

Double sided tissue is recommended to mounting light objects and may be used to laminate cork, paper, plastic, and textiles. Double Sided Tissue Tapes are made from non woven-tissue paper coated on both sides and laminated with release paper.

### FEATURE :

- ideal for wrapping gifts and packages where the adhesive needs to be hidden
- Adhesive Type: Hotmelt / Solvent

### APPLICATION :

- Suitable use for plastic, textile, paper, PVC, foam (Sponge) printing finishing, sign making, fabric, card board, nameplate interior decorative and so forth.

### SPECIFICATION :

- Gsm Available:-Thickness 60 / 70 / 80/ 90 Micron
- Width:- 1/2/3 inch and customized
- Length:-5-Meter-50 Meter and above

## DOUBLE SIDED FOAM TAPES

### FEATURE :

- Excellent quick double-stick. strong adhesion hand tear-able.  
P perfect substitute to replace glue for bonding laminating
- Non-deteriorating applicable for decoration, Posta service ideal for holding and joining of light weight items in office P household application

### VARIOUS SIZES AVAILABLE :

- 12MM/18MM/24MM (COSTMISABLE)

**Gluefix**<sup>TM</sup>

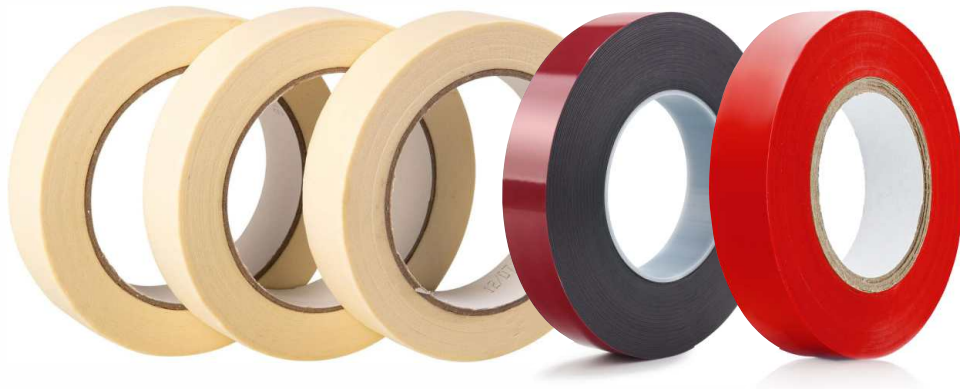

## FLOOR MARKING TAPE

### FEATURE :

- GLUEFIX Floor Marking Tape are made of heavy duty polyester or vinyl that resists oil, moisture, solvents and scuffing- and can even withstand forklift traffic
- Excellent visibility and good adhesion on uneven shapes and irregular surfaces
- High bonding strength
- Exhibits excellent adhesion, tack and good cohesion strength
- Rubber based adhesive for high adhesion application
- Available in Red, Red/White, Yellow, Yellow/Black, Green, Green/White, Blue, Black, White.
