About Us

Mech-X is a leading manufacturer and supplier of high-performance cutting solutions, specializing in Plasma Cutting Machines, CNC Plasma Cutting Machines, Plasma Cutting Torches, and Plasma Cutting Consumables. With a strong focus on innovation, durability, and precision, we cater to the evolving needs of the metal fabrication and manufacturing industries. Our products are designed to deliver clean, accurate, and efficient cuts, improving productivity and reducing operational downtime. Backed by a team of skilled engineers and technicians, we employ advanced technology and stringent quality control measures at every stage of production. We understand the critical role of reliable equipment in heavy-duty industrial applications, which is why we are committed to offering robust and user-friendly solutions. Our customer-centric approach, timely delivery, and competitive pricing have helped us earn the trust of clients across India. Whether you are a small workshop or a large-scale manufacturer, Mech-X is your dependable partner for all plasma cutting needs.

Mech-X is a reputed manufacturing company based in Pune, Maharashtra, India, specializing in the production and supply of CNC Profile Cutting Machine, Welding Machine, Gas Cutting Nozzle, Profile Cutting Machine, etc. Known for our precision engineering and commitment to quality, we cater to the diverse needs of the metal fabrication and industrial cutting sectors. Our facility is equipped with modern infrastructure and skilled professionals, enabling us to deliver high-performance solutions that ensure accuracy, efficiency, and long-term reliability for our valued clients across India.
