About Us

JSR International India Pvt. Ltd is a name that resonates with precision, consistency, and performance in the field of high-quality industrial chemicals. As a manufacturer and supplier, the company delivers a wide spectrum of chemical and mineral-based products that serve critical applications across diverse industries. From barytes powder and edika zircon powder to para aramid pulp and cellulose fiber, the materials are designed with an uncompromising focus on thermal stability, chemical purity, and dispersion compatibility.

The pursuit of excellence drives every process, from formulation to final packaging. Products such as ceramic fiber powder, calcined alumina, natural graphite powder, and melamine cyanurate are developed to meet exacting standards of quality, with consistent particle size distribution and enhanced reinforcement properties. Brass powder, white aluminum oxide, cast iron powder, and china clay powder stand as proof of the commitment to optimized performance, resistance to corrosion, and low moisture absorption. Every batch is rigorously tested to ensure exceptional insulation, flame retardancy, and durability, making them ideal for demanding industrial uses. Supported by a robust supply chain and deep domain knowledge, JSR International crafts tailored chemical solutions for industries that require more than just materials, they require trust, adaptability, and lasting value. The dedication to maintaining strict quality control and customized delivery schedules allows seamless integration into specialized production environments.

Key Facts

No of Staff	50
Year of Establishment	2014
No of Production Lines	2
OEM Service Provided	Yes
Monthly Production Capacity	300 tonnes

Our Products

Edika Zircon Powder

Stearic Acid

White Paper Pulp

White Chalk Powder

Cast Iron Powder

Polyvinyl Pva Fiber

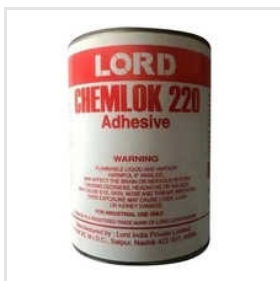

Barium Sulphate Powder

Carbon N Powder

Mbts Rubber Accelerator

Chemlok 220 Adhesive

Brown Zircon Sand

Pilcure Tmt Accelerator

White Perafin Wax

Nepheline Granulars

Grey Barium Sulphate

Barytes Powder
