

Variable Speed Drives and Soft Starters

Variable speed drive systems offer you a wide range of fully tested and ready-to-connect motor control solutions. Starting from compact, pre-engineered systems up to custom-engineered complex solutions. These solutions are developed to the highest quality level; manufactured according to your needs and are tested at full-load operating conditions.

A FPX C60TD PLC System, AC Drive Interface Cable, AFP0RC14RS PLC System, AFP0RC16MT PLC System, AFP0RC32MT PLC System, AFPX C60TD PLC System, AFPXC14TD PLC, AFPXC14TD PLC System, AFPXC30TD PLC, Atv-12 Schneider Vfd - Atv12h075m2 , 0.75kw , 1 Hp, Atv-12 Schneider Vfd Atv12h018m2 -0.18kw, 0.25hp, Atv-12 Schneider Vfd Atv12hu15m2 - 1.5kw, etc.

About Us

Automation brought a wave of greater mobility, flexibility in operations and firm solutions, helping businesses automate their processes, save labor, energy and material implied. Through automation, the quality, productivity, product or process consistency and accuracy can be greatly improved. Since many companies are adopting semi-automatic or/and automatic processes, the demand for automation equipment is on the rise. To suffice such demands, Skylake Automation came into existence.

Skylake Automation, an Ahmadabad (Gujarat, India) based company designs, engineers, develops and supplies a qualitative range of Programmable Logic Controller, Human Machine Interface, Proxy Sensor and Process Control, and more. All the products developed conforming to predefined quality standards are applauded by clients for their precision, ease of installation, performance, reliability and longer service life. These products can be developed exact to, both standard and custom technical specifications. Our company can also provide PLC from brands, like Omron, Schneider, Delta, Panasonic, Mitsubishi and Unitronics.
