About Us

Mechanical products like Manual Feed, Pneumatic Feed, Servo Ball Screw Feed, Mechanical Feed, Hydraulic Feed, Lead Screw Type, etc. These machines are widely used in various industries and factories. They are also used in colleges for educational purposes. These machines are used to drill holes in the sheets and for other mechanical processes. To cater to the growing demand for these products, our company, Ktk Machines India Private Limited, was founded. Being true to our goal, we are today known as one of the leading manufacturers and suppliers of industrial products in India. Manufactured precisely using high-grade raw materials such as steel, iron, and more, these products are known in the market for their robust construction, durability, and corrosion-resistant bodies.

Ktk Machines India Private Limited was established in 2014 in Pune, Maharashtra, India, with the aim of becoming the leading manufacturer and supplier of Spindle Head, Tapping Spindle Head, Milling Spindle Head, Boring Spindle Head, Adjustable Indexing Tables, and more. The timely completion of every project is made possible because of our robust infrastructure. Our company is spread across a large area of land and is well-equipped with the necessary tools and technology to manufacture these products. Systematic division of infrastructural facilities into different departments ensures hassle-free completion of every project. Moreover, our large warehouse is where we store these products and their spare parts. This helps us fulfill the bulk and urgent requests of our clients. Our years of market experience have helped us connect with many new customers and vendors. It has also helped us become one of the most trusted suppliers of mechanical products in the country.

Key Facts

No of Staff	10
Year of Establishment	2014
OEM Service Provided	No

Our Products

Geared Standard Tapping Machine

Manual Feed Electrical Drilling And Tapping

Lead Screw Tapping Machine

Lead Screw Standard Tapping Machine

Fabrication Stand Model Lead Screw

Floor Stand Model Lead Screw Automatic

Fabrication Stand Model Geared

Pneumatic Rapid Automatic Tapping

Ball Screw Servo Drilling Spindle Head

Floor Stand Model Hydraulic Standard

Hydraulic Automatic Drilling Machine

Fabrication Stand Model Pneumatic

Floor Stand Model Pneumatic Automatic

Ball Screw Servo Automatic Drilling

Fabrication Stand Model Hydraulic

Floor Stand Model Geared Automatic
