Service Terms & Conditions for Pallet Truck Repairs

1. Service Charges will be levied per trolley as follows:
 - ₹1,000 per trolley for up to 3 trolleys
 - ₹750 per trolley if the number of repairable trolleys is more than 3 but less than 5
 - ₹500 per trolley if the number is 5 or more but less than 10
 - ₹350 per trolley if more than 10 trolleys are being serviced
2. Cost of spare parts, if any are replaced during the repair, will be charged additionally at actual rates.
3. An approximate repair cost will be estimated and communicated to the customer before starting any work. Repairs will begin only after the customer's approval is received.
4. GST @18% will be applicable on the total invoice amount.
5. Service executives will reach your premises within 48 hours of receiving the service request.
6. The customer must ensure an ideal and safe working environment, including clear access, adequate lighting, and basic safety provisions.
7. The above rates are valid only for Delhi NCR.
8. Prices may change based on fluctuations in raw material costs or operational factors.
9. Payment is due immediately upon invoice generation, and no later than the date of service completion.
10. If the equipment is not accessible upon the team's arrival, an additional visit charge may be applied.
11. If a trolley is deemed beyond repair, a basic inspection fee will still apply.
12. If customer approval is not received within 24 hours of cost estimation, the service may be rescheduled based on availability.
13. The service provider is not liable for damage caused by existing equipment conditions, improper usage, or handling.
14. Service is provided during working hours (10 AM – 6 PM, Monday to Saturday). Requests outside this window may be subject to availability.
15. The company shall not be liable for delays or failure in service due to circumstances beyond its control, including but not limited to natural disasters, strikes, or government restrictions (Force Majeure).
