

TARA EcoKiln Enterprise

Success Story of Gohad, Madhya Pradesh...

Association of 03 enterprising individuals successfully running state of the art TARA EcoKiln enterprise.

M/s Hans Int Udyog, Gohad, Madhya Pradesh is jointly managed by 03-nos of entrepreneurs, who run a 2-Shaft TARA EcoKiln brick production facility. Earlier they were running separate open clamps for brick making with an average coal consumption of 18 tones per lac bricks. They have jointly invested in the TARA EcoKiln Technology and they enjoy coal savings of upto 12 tones per lac bricks.

This plant has also made a great impact on the society in adjacent villages with skilled livelihoods for the local youth and virtually no pollution.
