About Us

Disposable Machinery, based in a prime location in Kolkata, (West Bengal, India) with easy access to all major means of transportation, commenced operations in the year 2016 and is today reckoned as a leading manufacturer, trader, and supplier of an inclusive range of industrial machinery. The organization was promoted by experts who agreed to pursue an ambitious mission of fulfilling the widening gap between demand and supply of premium quality machines like Hand Press Paper Plate Machines, Fully Automatic Dona Making Machines, Scrubber Machines, Lamination Machines, etc. We, as a quality-centric organization, focus on providing a certified quality range bearing attributes like reliability, durability, cost-effectiveness, etc. For the accomplishment of the prime objective of exceeding the prevailing industry-leading grades, we have devised a multidimensional quality management system, under which we make use of only premium quality material throughout the entire fabrication process. Also, under this system, a quality control mechanism, facilitating quality inspection at each stage of value addition, is installed.

In addition to this, we are supported by a team of highly dexterous professionals who seek to execute a number of pursuits on a routine basis for ensuring further enhancement of the prevalent range of quality grades. All professionals possess domain knowledge and are further trained by our domain experts by participating in training sessions and workshops.
