About Us

Stepped into the market recently in the year 2015, we, Paras Enterprises are a dedicated manufacturer and trader of Chemicals. Superior quality epoxy resin, polymers and many other raw inputs are used in accurate composition of offered range. Our products like Calcium Chloride Powder, Paver Block Industries, Titanium Dioxide, Construction Chemicals Raw Material, Air Remove Powder, etc. are made up of around two components i.e. base and curing agent with qualitative pigments & fine fillers. The offered polymers based products possess features like hardness & toughness, resistance against water and ability to set down faster over slippery surfaces. These have enhanced demands of our products across the nation within minimal time since inception.

We have recruited a team of skilled and knowledgeable professionals who underline the specific requirements of our clients and deliver them quality solutions at reasonable rates. Further, there is a sound facility for production, quality testing, packaging and delivery that help us ensure fulfillment of all our orders within committed timings. We have satisfied numerous clients and we ensure the same in future.
