About Us

We are a sole proprietorship firm that was started in the year 2013 as a manufacturer and supplier of Hydraulic Oil Filter, Hydac Replacement Filter, Lube Replacement Filter, Foam Filter, Nitrogen Gas Filter, and many more products. The range we supply is made available to customers in diverse specifications and is used in applications at ceramic plant, power plant, petrochemical industry, textile industry, steel industry and many more. Our company utilizes premium quality material, ultra-modern technology to manufacture the range cost-effectively. We have dexterous professionals who work in sync with each other and set quality norms. The products we manufacture are vastly demanded by clients because of compact size, hassle-free installation, high durability and precise design.

The business journey of Shraddha Filter Technology was started from Ahmedabad, Gujarat, in the year 2015. We are engaged in the manufacturing of Hydac Replacement Filter Element, Lube Replacement Filter, Industrial Fuel Filter, Hydraulic Filter, Bag Filter Cage, Welded Filter, etc. The guidance of strong professionals has enabled our company to emerge as a top-notch brand and win the trust of customers. We guarantee the quality of our range and give our best to meet the satisfaction of esteemed customers. Be it meeting bulk orders or making timely deliveries, we are able to provide the both because of our advanced facilities and support of our associates. We are overwhelmed to state that we have been able to make our customers happy without failing even a single time and we are very proud of the same.
