FRP 8OS MEMBRANE HOUSING

About Us

Established in 2015, Vili Composites is a trusted manufacturer, supplier, and exporter based in Morbi, Gujarat, India, dedicated to delivering premium quality composite products for water treatment and industrial filtration applications. With a strong commitment to innovation, engineering excellence, and customer satisfaction, we have built a reputation for manufacturing products that combine durability, efficiency, and long lasting performance.

Our comprehensive product portfolio includes Multiport Valve, FRP 8OE Membrane Housing, 4 S Pressure Tube, FRP Pressure Vessels, Adaptor Fittings, and so on, all manufactured using quality tested materials and modern production techniques. Every product is developed to meet demanding operational requirements while ensuring reliability, corrosion resistance, and consistent functionality across various industrial environments. Driven by skilled professionals and supported by advanced manufacturing capabilities, we continuously strive to improve our products and processes to match evolving industry standards. Our focus on precision manufacturing, timely deliveries, and transparent business practices has enabled us to establish lasting relationships with customers across domestic and international markets.
