## About Us

Lakshmi Food Machinery was formed in 1965 with the goal of giving customers perfectly manufactured goods. We are a proprietorship that successfully carries out its professional activities in the kitchen equipment manufacturing sector. Automatic Murukku Making Machine, Mild Steel Storage Rack, Deep Freezer, Automatic SS Conveyor Chapati Machine, and many more products are among the range of offerings we provide to our customers. Apart from being a manufacturer and supplier of the mentioned products, we are active as a service provider for Wet Grinder Repairing Service. We are committed to continuous improvement and upgrading because it enables us to completely evolve and raise the bar for our business.

We have a sizable clientele in this industry that is pleased with our goods. We always take great pride in referring to ourselves as the top producer of equipment for commercial kitchens. We have served clients from a variety of industries and met their kitchen needs with our goods and services.
