## About Us

There is no denying to the fact that food businesses are rising day by day due to the ever-increasing demands of food products in the market. This rise in demand has led manufacturers to produce more. And, here comes the use of machines into limelight as machines have made every task easier with their pace and high precision. In order to render maximum benefits of machines to the food processing businesses, we, Maxim Engineering stepped into the engineering domain. We are known to be one of the reliable manufacturers in the domain when it comes to sourcing of Cashew Dryer, Cashew Processing Machine, Cashew Cutting and Shelling Machine, Vacuum Packaging Machine, Automatic Cashew Grading Machine, Garlic Peeling Machine and many more.

Research and development department of Maxim Engineering is its key strength. With this unit at our base, our Chhatral (Gujarat, India) based company is setting benchmarks in the industry for our high quality Automatic Cashew Grading Machine, Cashew Packing Machine, Mild Steel Cashew Hand Cutter and more. By remaining true to our nature of business and our customers, we follow ethical business practices and never give a chance to our customers to point us for either our products or services. Timely delivery of our products always make our clients happier and for these reasons, they always choose us over our counterparts.
