POWDER**

About Us

Global India is a trusted name engaged in the manufacturing, supplying, and trading of a diverse range of chemical products and industrial raw materials. With more than two decades of industry experience, we have developed a strong understanding of the changing requirements of customers across various sectors. Our product portfolio includes DL Malic Acid Chemical Powder, Light Liquid Paraffin, Food Grade Xanthan Gum, Propylene Glycol Chemical Liquid, and Liquid Detergent Raw Materials, available in practical packaging options such as 25 Kg packs, depending on the product and customer requirements.

Since 2002, Global India has been serving businesses with dependable chemical products and industrial raw materials from our base in Delhi, India. As an experienced manufacturer, supplier, and trader, we combine product knowledge, efficient sourcing, and customer-focused service to meet diverse industry requirements. Our portfolio includes DL Malic Acid Chemical Powder, Light Liquid Paraffin, Food Grade Xanthan Gum, Propylene Glycol Chemical Liquid, and Liquid Detergent Raw Materials. We provide products in practical quantities, including 25 Kg packaging, according to specific product and customer requirements. Our approach is built on quality, reliability, transparency, and timely service. We understand that consistent raw materials play an important role in manufacturing and formulation, so we work to maintain dependable supply and professional handling throughout the order process. Over the years, our focus on customer satisfaction and long-term business relationships has helped us grow with the changing needs of the market. We continue to strengthen our product range and supply capabilities while maintaining the values that have guided us since our beginning. Global India is committed to being a reliable sourcing partner for quality chemicals and raw materials.
