About Us

Euphoria Packaging LLP is a dynamic business organization, committed to meet the rising market demands for tamper proof & quality assured Courier Bags, E-commerce Security Bags, and more. Envisioned to become the leading **Exporter, Manufacturer, Importer** and **Supplier** of the domain, we are specialized in manufacturing **Courier Bags, Courier Envelopes, Tamper Evident Envelope, Plastic Envelope, Plastic Mailing Envelops, Synthetic Envelope, Cash Envelope, Self Adhesive Envelope, Security Envelope, Mailing Envelope, Garment Bags, Industrial & Retail Bags, E-Commerce Security Bags** and more. Based in Mumbai (India), our facility is well connected by rail, road, and air. We have been catering to the growing market demands through our premium range of products & professional services.

We have launched EuphoriaSeal, a range of tamper proof packaging solutions that will redefine courier and shipping industry. Our company owns state of the art machinery and latest technology enabling us in designing and manufacturing best in class solutions. Our top product; Courier Bag is used by Courier, Parcel/ Freight Forwarding Companies, Banks & E-commerce Companies in order to ensure secure movement of their clients consignment/ documents. These bags are generally manufactured from 60 micron co-extruded polyethylene film assuring easy and permanent closure. Also, the Courier Bags can be personalized to suit client specific need in terms of color, print, dimensions, etc. Moreover, unique sequential numbering & bar-coding can also be added.

Euphoria Packaging LLP ranks number one in the country in the list of largest manufacturers of tamper evident bags. The company produces over 400 million tamper evident bags in a year. The company is operational in the field of industrial packing, E-Commerce packaging, FMCG packing, pharmaceutical packaging, confidential documents packaging, etc. The company is continuously meeting the increasing demand for E-commerce security bags, courier bags and more.

Our Infrastructure

A company can sustainable grow if it is technologically updated. Euphoria Packaging LLP has a well-integrated operational set up that encourages the efforts of team members. It is divided into design and manufacturing units.
