## About Us

Ever since our emergence in 2016, we, NV Pipes And Fittings Private Limited, have been excelling in our job as a manufacturer and supplier of Bolt Fasteners, Socket Weld Elbows, Hex Nipples, Stainless Steel Pipes, Stainless Steel Fittings, and other products. Incorporating a systematic work approach under the guidance of our mentor, Mr. Narendra Bishnoi, we complete orders of all sizes within the committed time frame and without compromising on their quality standards. All the qualitative products are delivered within five to six days of the confirmation of client orders. Moreover, it is our stringent adherence to ethical business practices for which we have earned and sustained the loyalty of many customers.

As the name suggests, we, NV Pipes And Fittings Private Limited, deal in a wide variety of pipes, pipe fittings, and fasteners which are manufactured using the finest grade material. Our product range includes SS Elbows, SS Threaded Tees, Light Duty Clamps, Stainless Steel Fittings, Pipe Flanges, etc. We have constructed an ultra-modern production facility over a large land in Mumbai, Maharashtra, India. This facility is equipped with technologically advanced production machines like cutting machines, polishing machines, and other general tools. In addition to our production unit, it is our in-house quality checking unit that supports us in supplying a defect-free product range in different sizes and specifications to clients. Besides, our unfaltering commitment to competitive quality and price makes us one of the trusted businesses to ally with.
