About Us

Now a days, demand of Industrial tools like Cutting Tools, Drilling Tools, Saw Blades and Hand Tools has increased among the companies as it saves a lot of time, energy, manpower which leads in increased productivity of work. Understanding the requirements of several industries, we, Mufaddal Enterprise are running our company. We are a renowned Exporter, Wholesaler/Distributor & Trader of various types of Industrial Tools like Cutters, Drill Tools, Turning Inserts, CNC Sleeves, etc. We are backed by a team of professionals who have years of experience and knowledge in their respective field and with their support we have managed to have a smooth working environment within the company.

We, Mufaddal Enterprise founded in the year 2014, have become a reputed Exporter, Wholesaler/Distributor & Trader of variety of Industrial Tools in a short duration of time. Based in Mumbai, Maharashtra, we offer a wide range of quality tools that are perfect in terms of hardness, finishing, design accuracy, wear resistance and find their use in many industrial applications. We never compromise with quality of products that we deal, thus all of our tools, mills, sleeves, inserts, etc. are sourced from trusted vendors. Procurement of range from eminent companies help us to fulfill all the clients requirements with complete satisfaction. We are also capable of completing urgent requirements at a very short span of time for various Engineering and Construction Projects. Moreover, our ethical trade practices promote growth, trust and good relationship with our customers.
