## About Us

In India, people trust imported material more over the creates made in their own country. And the major reason behind this is that foreign companies well abide the norms and serve products that are free from any scope of complaints. Refcast Corporation is a company, which is born to serve people imported Refractory Materials, Castables, Vibrators and many such products. Legally registered as an Importer and Supplier, the company leads the market when it comes to selling quality Castables For Ladle, Fire Resistant Linings, Mica For Coil Protection, Lining Tools, Insulation Sheet, Piston Vibrator, etc. Quality is our forte and for this reason, our products are sourced from the companies that own global quality certifications and deliver a reliable range. Further, we run our business by adopting fair practices and maintaining absolute clarity in the deals as it brings to us repeated orders from customers.

Successfully running operations with the planned approaches, we, Refcast Corporation, a Ahmedabad (Gujarat, India) based company, which is setting benchmarks of growth in the market. The reputed company works with passion with support of its appointed multi-talented workers to deliver reliable equipment, components and Refractory Elements, material for iron, steel, Copper, Aluminum & Zinc foundries. Be it by the products or practices, we delight our respected customers in all the means. Further, we have big plans of business expansion and for the same, a specific branch office is maintained by us. From that office, we are successfully fulfilling the requirements of the customers and also executing several tasks without any troubles.

## Key Facts

OEM Service Provided	No

## Our Products

**Premixed Silica  
Ramming Mass With**

**Spout Castable  
Ramming Mass**

**Boric Acid Premixed  
Silica Ramming Mass**

**Alumina Ladle Lining  
Material**

**Magnesite Ramming  
Mass**

**Mgo Ramming Mass**

**Boron Oxide Premixed  
Silica Ramming Mass**

**Premixed Silica  
Ramming Mass With**

**Treatment Ladle Lining  
Material**

**Pouring Ladle Lining  
Material**

**Fused Silica Ramming  
Mass**

**High Alumina  
Ramming Mass**

**Furnace Grouting  
Material**

**Monolithic Ramming  
Mass**

**Ramming Vibrator**

**Furnace Coil Coating  
Cement**
