INDUSTRIAL JIB CRANE

About Us

Stalmac Enterprise is a company that specializes in EOT cranes and other similar products. EOT cranes, also known as end-of-trail cranes, are used to lift heavy materials vertically and horizontally within a specified area. These products increase the efficiency and productivity of humans while avoiding any fatal accidents that may occur. Over the years, as people have started to gain more knowledge about them, their use has increased tremendously. Our company specializes as a manufacturer, supplier, and exporter of Single Girder EOT Crane, Double Girder EOT Crane, Heavy Duty Monorail Wire Rope Hoist, Industrial Monorail Wire Rope Hoist, Industrial Electric Wire Rope Hoist, Heavy Duty Electric Wire Rope Hoist, and more.

Our products are known in the industry for their durability, high efficiency, and low cost. Manufactured using high quality raw materials, these products find their use in various industries. Our products are capable of catering to all your requirements and provide a safe alternative to your transportation needs. We are an ISO 9001:2015 certified company.
