About Us

Unitech Technocrats Pvt. Ltd. is a forward looking, market leading and an integrated manufacturer and exporter specializing in a wide array of industrial products related to calibration, process control and more, in chemical, engineering, pharma, oil & gas, petrochemical, cement and allied industries. Our solutions are tailor made to perfection and designed for meeting sensing, monitoring & control needs (pressure, temperature, level, flow, etc.), and for catering to various analytical process systems requirements in these sectors.

Since 2005, we have been supplying a commendable range of products encompassing Digital Temperature Controller, Cleanroom Differential Pressure Monitor, Differential Pressure Transmitter, CE Marked Surgeon Control Panel, and more. Today, we integrate our global strength with local know how and industry experience to come up with innovative variants of these aforesaid products that are carefully fabricated to align with each customers requirement and specification. Along with our product range, we also render the best ARC And AMC Services, Calibration Services, Repair And Diagnose Service, etc. Our company is counted among the leading service providers.

Mr. Ketan Manvar and Kuntal Manvar are the founders of Unitech Technocrats Pvt. Ltd. (Unitech Group Of Companies), a firm founded in 2005. UNITECH was started as a first-generation start-up firm by this Technocrat, and we are today one of India's leading manufacturers in the area of Industrial Process Instrumentation and Automation. We have over 550 pleased clients (including exporting to over 15 different countries) and manufacture over 160 products in-house. All of our items have received CE certification.

Key Facts

No of Staff	25
Year of Establishment	2005
OEM Service Provided	No

Our Products

On Line Industrial PTZ Camera Systems With

Tank Level Monitoring System

Digital IO Card

Cleanroom Temperature And

Cleanroom Differential Pressure Monitor

Flameproof Loop Power Indicator

Online TOC Analyzer

Differential Pressure Transmitter

Glassware Calibration Services

Flowmeter Calibration Services

Pressure Gauge Calibration Services

Electrical Equipment Calibration Services

Cleanroom Temperature Monitor

Surgeon Control Panel For Hospital

Cleanroom Temperature RH DP

Temperature Calibration Services
