About Us

Understanding the need of steel casting and industrial tools in the industry, we, Model Steel Casting, a Bellary, Karnataka based manufacturer, are making available proactive and innovative range of products that have excellent operational efficiency. Our Jaw Crusher Plate, Concave Mantle Casting, Mining Mantel Casting, Stainless Steel Casting, Concave Mantle Casting, High Chrome Casting, Cone Crusher Mantles, and other products are in superior quality. Since we use A-one rated materials, our range offers great abrasion resistance, appears seamless and are tough in strength. In industries such as Mineral Processing, Cement, Steel, Paper, and many others, our offered line finds great use. As manufacturer, we lay complete focus over quality making as a result of which we have now become a dependable name in the Indian Industry. Our focus towards research and innovation has also boosted our demand in the market. In addition to engineering perfection, we have also implemented premium quality management policies that guides us in creating only excellence for our clients.

Managing all of our business affairs from Bellary, Karnataka (India), Model Steel Casting is an inspiring organization owning extensive experience in providing best class industrial products in the market. Our premium range like Apron Feeder Pan, Apron Pan, Jaw Crusher Plate, Iron Casting and more, is available at affordable rates and is renowned for abrasion resistance and highly reliable build. It is the responsibility of our qualified team to ensure that this range of carefully engineered excellence complies with the international quality standards. Our vision is to aspire more new companies to join the race of success by becoming a influential name in the vertical. We aim to achieve such position in the market by constantly upgrading and diversifying our range in accordance with changing industrial needs of our clientele.
