## About Us

To cater to the requirements of the construction sector, our company, IEW Cranes Pvt. Ltd., has started dealing in different kinds of industrial cranes, hoists and allied products, since our establishment in 2009. With more than ten years of vast business experience, we have attained expertise in manufacturing Industrial Hoist Crabs, Single Girder Wire Rope Hoist, Control Panel, EOT Crane, Pre Fabricated Shed, Goliath Crane, JIB Crane and more. For retaining our prominent position of manufacturer and supplier in the Indian market, we keep improvising the quality and functionality of our end products.

To ensure that high standards are maintained in the product line, our professionals use only premium grade components in the production stages. Along with this, industry set norms & guidelines are strictly followed by us at all the stages of operations. Our honest work approaches, ethical trade practices and client centric policies are some of the factors which make us a preferable name in the market. Additionally, our firm is also engaged as a service provider, which is rendering cost-effective EOT Crane Installation Services, In-house Production Crane Installations Services, Erection Installations Services, etc.
