INTRODUCTION

CELLUS TECH INDIA PVT. LTD. established in 2016, is a professionally managed manufacturer and comprehensive solution provider delivering advanced solutions in the domains of Energy, Lighting, Refrigeration, Industrial Cooling, Kids Toys and Industrial Engineering. Headquartered in Bhiwadi, Rajasthan, the company operates with modern, fully integrated in-house manufacturing facilities and robust infrastructure, enabling the consistent delivery of high-quality, reliable, and performance-driven products for residential, commercial, and industrial applications.

Founded with a clear vision to drive innovation, sustainability, and technological excellence, Cellus Tech India Pvt. Ltd. focuses on creating value through engineering precision, intelligent automation, and customer-centric solutions. The organization is led by Mr. Satbir Singh Boora and Mr. Joginder Boora, a Mechanical Engineering graduate with over 16 years of extensive industry experience in project management, production, automation, quality assurance, and ISO-compliant quality management systems.

Backed by a team of experienced engineers, software professionals, and skilled technicians, the company emphasizes automation-driven processes, embedded system development, advanced manufacturing practices, and continuous improvement, ensuring consistent quality, operational safety, and superior performance across its diversified portfolio.

Cellus Tech India Pvt. Ltd. offers an extensive range of products and services, including LED Lighting Solutions, Electrical Panels, Solar Power Systems, Refrigeration and Ice Cube Machines, Material Handling Equipment, Fabrication services, Air Ducting and Industrial Cooling Systems, Electrical Switchgear, Kids' Toys, Industrial Cleaning Machines, Automation solutions, Automotive sector components, Embedded design and Development services, Software and Control System Solutions, and Precision Injection-Molded Plastic Components.

The company is proud to be an Authorized Channel Partner of Crompton and a trusted supplier of HPL lighting products, Symphony Industrial Air Coolers, and Columbus floor cleaning machines, supported by strong technical expertise, dependable after-sales service, and 24×7 maintenance support.

Driven by a commitment to quality, innovation, and customer satisfaction, Cellus Tech India Pvt. Ltd. continues to build long-term partnerships by delivering efficient, sustainable, and future-ready engineering solutions aligned with global standards and evolving market demands.

WHY US?

 **In-House Manufacturing** - Complete control over quality, customization & delivery

 **Engineering Expertise** - Experienced engineers & skilled technical workforce

 **One-Stop Solution** - Lighting, energy, Refrigeration & Industrial services under one roof

 **Trusted Channel Partner** - Authorized channel partner of Crompton, HPL & Columbus & Symphony.

 **Quality Assured** - Strict quality checks & industry-standard processes

 **Energy-Efficient Solutions** - Cost-effective and sustainable products

 **24×7 AMC & Maintenance** - Quick response to minimize downtime

 **Customer-First Approach** - Tailored solutions, competitive pricing & reliable support

APPLICATIONS

- Homes
- Residential Area
- Shops
- Office
- Living Room
- Bedroom
- Kitchen

**KEY FEATURES**

- Energy Efficient
- High Luminous
- Long Life Span
- Instant ON – No Flicker
- Eco-Friendly & Mercury Free
- Low Heat Emission

BASE STAND	CTI-GL-BASESTAND	CROME FINISH/BLACK	45MM	50MM	-	-	SS	478

APPLICATIONS

- Cove lighting in ceilings
- Architectural outlining
- Home interiors
- Retail stores
- Hotels, restaurants

KEY FEATURES

- Soft comfortable light
- Energy saving Efficiency
- Flexible design for curves
- Low Heat produce
- Cutable and extendable

LED SOLAR SEMI-INTEGRATED LIGHT

APPLICATIONS

- Building ESmart City Surveillance
- Residential Colonies
- Highways & Rural Roads
- Industrial Areas

KEY FEATURES

- Energy Efficient
- High Luminous
- Long Life Span
- Instant ON – No Flicker
- IP65

**AVAILABLE IN 1, 2 & 5
YEARS WARRANTY**
