About Us

CELLUS TECH INDIA PVT. LTD. established in 2016, is a professionally managed manufacturer and comprehensive solution provider delivering advanced solutions in the domains of Energy, Lighting, Refrigeration, Industrial Cooling, Kids Toys, IIoT Devices, Floor Cleaning Machines, Solar Turnkey Projects. Headquartered in Bhiwadi, Rajasthan, the company operates with modern, fully integrated in-house manufacturing facilities and robust infrastructure, enabling the consistent delivery of high-quality, reliable, and performance-driven products for residential, commercial, and industrial applications.

Founded with a clear vision to drive innovation, sustainability, and technological excellence, Cellus Tech India Pvt. Ltd. focuses on creating value through engineering precision, intelligent automation, and customer-centric solutions. The organization is led by Mr. Satbir Singh Boora and Mr. Joginder Boora, a Mechanical Engineering graduate with over 16 years of extensive industry experience in project management, production, automation, quality assurance, and ISO-compliant quality management systems.

The company is proud to be an Authorized Channel Partner of Crompton and a trusted supplier of HPL lighting products, Symphony Industrial Air Coolers, and Karcher & Columbus floor cleaning machines, supported by strong technical expertise, dependable after-sales service, and 24x7 maintenance support.

Products & Services

LED LIGHTS

We are the manufacturer of all kind of LED lights. With the in-house manufacturing facility we provide best quality lights for your needs. Our range includes: High Bay Lights, Flood Lights, Street Lights, Tube Lights, LED Bulb, Spot Lights, Wall Mounted Lights, Decorative Lights.

SOLAR TURNKEY PROJECTS

Rooftop solar panels rely on the ability of the solar cells to harness the energy of the sun and convert it to electricity. It is a small, square-shaped semiconductor that is made from conductive materials such as silicon. When sunlight strikes the solar cells, it induces chemical reactions that release the electrons, thus generating electric current.

IIoT DEVICES

IIoT devices are smart industrial tools that connect machines and systems for real-time monitoring. They collect data to improve efficiency, reduce downtime, and save energy. Common devices include sensors, controllers, and smart meters. IIoT helps industries become smarter, safer, and more productive.

Products & Services

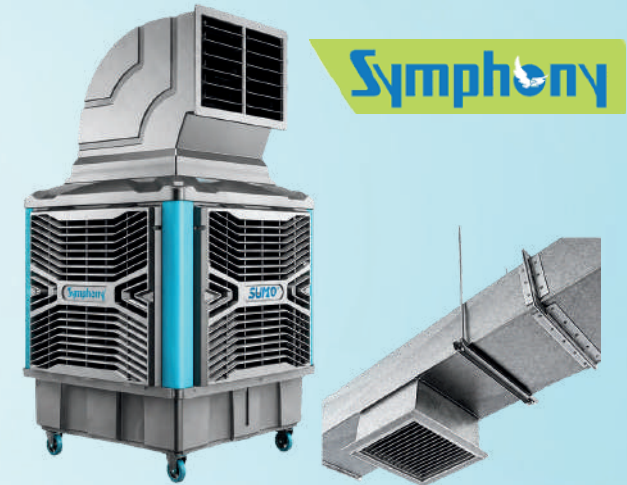

ICE CUBE MAKING MACHINES

We bring to you a wide range of Ice Cube Making Machines and Crushers. These machines and crushers come in different capacities. Our machines cater to restaurants, Bars, Hotels and are suitable for domestic purposes also. Our Crushers are widely acknowledged and used in houses and industries.

AIR COOLING SYSTEM WITH DUCTING

We are channel partner of Symphony. We provide Air Ducting and Industrial Air Cooling solutions for factories, warehouses, workshops, and large spaces. Our durable, cost-effective air ducts are made in GI, SS, MS, and Aluminum for ventilation, exhaust, and drainage use. Our industrial air coolers ensure powerful, energy-efficient cooling for better comfort and performance.

FLOOR CLEANING MACHINES

KARCHER
