TIRUPATI
POLYFLEX

Material Cristal
Clear shining and
smooth finishing

Application:

- Useful in Gardening
- Sanitary connection
and Construction Sites

Advantage :

- Very Light in Weight
hence Low Migration
Property.
- Longer Shell life.
- Highly meets the
International Standard
of Quality.
- leak Proof and Durable
Quality.

Wall Thickness :

- 1MM TO 6MM

Other Colors:

- Available also in other
Colors.
- Please ask the Company
for Minimum Quantity.

- Special Size or coil Length to
be Satisfied Upon Agreement
with Tirupati Polyflex.
- All Technical data Available
are subject to modification
Without prior notice.
