About Us

After spending a total of 53 years in the textile industry, we, Nilesh Ribbon Industries, have understood the diverse requirements of our clients perfectly. The clients we deal with end their search of quality assured Laces, Ribbons, Tapes, Strips and many other textile products at our doorsteps. They appreciate our brand for our consistent compliance with confined standards of the textile domain. Further, our range is also popular in the market for its incredible color fastness as well as its shrink resistant fabric. Owing to such unique features of our offerings, we have concentered our position as a leading Manufacturer and Exporter of the market. The client centric policies that we implement and upgrade periodically also contribute equally to our growing demand amongst our customer base.

Famous for designing and stitching an exquisite collection of textile products having zero quality defects, we, Nilesh Ribbon Industries, are aiming to revolutionize the fashion industry with our range's beauty. The fabric used in the making of such a quality range is tested and confirmed to be skin friendly so that our clients feel absolute comfort while wearing it. Also, we provide helpful pre as well as after sales service support to our customers. The adroit team of professionals working in our Surat, Gujarat (India) based establishment strives to deliver our finely finished and soft textured textile products without any failure. They also work with full efficiency to meet the bulk order requirements of our patrons.
