About Us

Maks Engineering Co. has made a prominent position for itself in the industry. Providing a top of the line array of products to the market, we are recognized as a highly reliable Manufacturer and Supplier. Established in the year 2014, our gamut of products range from Prefabricated Shelters, Portable Shelter, Disaster Relief Shelter, Prefabricated Cold Storage, Labour Hutment, Prefabricated Steel Structure among various others. Working under the guidance of Mr. Ajay Chauhan, his tremendous expertise and knowledge in this field of work has enabled us to walk on a promising road to success. Having a high demand in the market, these items are known for their weather resistance features. Thanks to their compact structure, they have become a top choice in their line. Supported by a quality checking team, they conduct rigorous checks and tests so as to make sure that each of these items reach the required qualitative standards, perfectly.

A trusted Manufacturer and Supplier in nature, Maks Engineering Co. has created a remarkable position for itself thanks to the world-class array of goods to it's customers. Incorporated in the year 2014 in New Delhi, India, our work has been acknowledged for it's matchless quality factor across various parts of the country. Equipped with a vast research and development facility, we aim at making new breakthroughs in this line of work so as to provide our patrons with a highly innovative product. From Prefabricated Factory Shed and Labour Hutment to Cold Room & Cold Storage and Pre Engineered Buildings, we have a wide range of goods to offer to the market. Having an easy installation process, offers a great deal of convenience to the user.
