About Us

Tiles are easy to maintain, affordable, and magnify the beauty of the place where they are installed, which is why their demand is high in the market. We at D-Cora Cera LLP are also here to meet customers needs associated with Polishing Vitrified Highlighter Tiles and Decorative floor Tiles. Our company is among the top-manufacturers and exporters that serves its customers up to the mark of their expectations. We also ensure to deliver tiles in a safe manner without any breakage, and in this, we are supported by reliable logistics associates. At our unit, we have advanced automatic and semi-automatic machines that makes it easy for us to produce in bulk and meet even tight deadlines. In addition, every department in our company is managed by dexterous, honest, and hardworking professionals. Every customer served by us at the national and international level is happy with us and has given us positive reviews.

We keep on redesigning our tiles as per new trends and customer-specific requirements. Our client-focused approach has enabled us to lead the respective industry since 2006 and attain a strong foothold in the market.

D-Cora Cera LLP is a 2006 established company that has been catering to customer demand associated with Decorative Floor Tiles and Polishing Vitrified Highlighter Tiles. We have constructed a modern production house in Wankaner, Gujarat, India, which is enabling us to meet customer requirements with ease. We are following international industry norms, which is helping us to design and develop beautiful tiles. Our company has successfully won customers hearts by offering them vivid times that are worth their money and trendy. Our customers from various corners of the world have rated us excellent and even promoted our products by word of mouth.
