

WATER STILL MANESTY

The Water Still Manesty is a high-quality laboratory-grade distillation unit designed for the production of pure, pyrogen-free distilled water. Built with premium stainless steel for durability, efficiency, and long-lasting performance.

KEY FEATURES

High-Quality Construction

Made from premium stainless steel for corrosion resistance and durability.

Efficient Distillation

Provides high-purity distilled water with consistent performance.

User-Friendly Design

Simple to operate and maintain, ideal for laboratory use.

Safe & Reliable

Designed for continuous operation with optimal safety.

Applications

Ideal for laboratories, research institutions, hospitals, and industries requiring pure distilled water.

BUILT FOR PURITY ENGINEERED FOR PERFORMANCE

Delivering pure, safe & reliable distilled water for every critical application.

SPECIFICATIONS

Product Name	Water Still Manesty
Body Material	Stainless Steel
Distillation Capacity	Approx. 4 to 5 Liters/Hour
Water Consumption	Approx. 40 to 50 Liters/Hour
Type	Electrical
Power Requirement	220/230V AC, 50 Hz
Heating Element	Stainless Steel
Cooling System	Water Cooled
Quality of Distillate	Pyrogen Free Distilled Water
Dimensions (Approx.)	350 mm (L) x 350 mm (W) x 950 mm (H)
Weight (Approx.)	10 – 12 kg

ESEL INTERNATIONAL
