THE MEANING OF WORD TRIREME

The word "Trireme" comes from the Latin word "Triremis", which is derived from the Greek word "τρίηρης" (Triērēs). The Greek word is a combination of "τρί" (tri), meaning "three", and "ήρ" (ēr), meaning "rower" or "oar". So, the literal meaning of trireme is "three-rower" or "three-oared". In ancient Greek, the word "τρίηρης" (Triērēs) referred to a specific type of warship that had three rows of oars on each side. The term "Trireme" was later adopted into Latin as "Triremis", and from there it was borrowed into various European languages. So, the meaning of Trireme is essentially "a warship with three rows of oars", which describes the unique design of this ancient vessel.

A Trireme (Greek: τρίηρης, Triērēs) was a type of ancient warship used in the Mediterranean from the 8th century BC to the 4th century AD. It was a long, narrow vessel propelled by rows of oarsmen, with three rows of oars on each side. The Trireme was a fast and maneuverable ship, capable of reaching speeds of up to 7 knots (13 km/h). The Trireme played a significant role in ancient naval warfare, particularly in the wars of ancient Greece and Rome. It was used for both military and commercial purposes, such as transportation, trade, and piracy. The trireme was an important part of ancient naval warfare, and its design influenced the development of later warships.

COMPANIES OVER VIEW

Hi Employees, Doctors and Other Stake Holders,

Trireme life Sciences Private limited is a renowned and one of the fastest growing company in Pharmaceuticals industry in India and also some part of overseas Countries in the World. Keeping this view, our operation started with Pharma business in the year 2012 when **started** its operation, we were a small team of enthusiastic people with a well-defined vision and eagerness to grow and now is one of the fastest growing pharmaceutical company in MSME sector. **This journey of 12th years was no less than a roller coaster ride- full of ups and downs, but eventually, through innovation, trust, and excellence, we found our path to success.** We have successfully launched five Divisions. Presently our Company have been engaged in rendering Own Ethical Market under the divisions **“Trireme General and Speciality Care”** and Third Party Manufacturing with joint venture or Loan License manufacturer of complete range of latest molecules of Tablets, Injectable (Dry and Liquid), Capsules, Soft Gel Capsule, Liquid, Protein Powder, Nutraceuticals etc. Our product variety has unanimously accepted by re knowned Doctors and their continuous prescription has created a greater demand in the market.

We successfully launched the " Ultracare Division" under Trireme life Sciences private limited can be harnessed as a great opportunity for new pharma entrepreneurs. The company was launched new entrepreneur program under the scheme **" SWAPNA PURTI"** Where the company has approx 200 Brands helping generate employment through urban and rural entrepreneurship. This initiative has been exclusively taken to help cover up the wounds of unemployment. The company announced **" SWAPNA PURTI PROGRAM"** in such a fashion which is unique for potential entrepreneurs in the urban and rural sector. It will be either a franchise or joint ventures Business model. The company will provide a free intensive program by the professionals and experts in this field in pharmacology, basic biology, Marketing , sells skills, training for Regulatory compliance and Legalities. **Our business Model are Promotion cum Distribution & Branded Generic Promotion to the Registered Medical Practitioner and Pharmacy** and also Management was launched **Child & Women well Care Division.** We successfully launched **Trireme Cure & Care Division with wide range of Injectable & Critical care Products** are available for the covering and supply to Government hospitals, Nursing home, Corporate hospitals and other medical faculties. We now feel to expand our business and ultimately we decided to enhance our growth through diversifying our business.

We have started our corporate social responsibility through one of our group company namely **Trireme Mankind Foundation** being Section 25 Company with an ideal objective to provide free health care facilities to underprivileged, health service in remote and rural areas and urban slums, preventive health check-up for expecting mothers and

lactating women, health camps for the elderly and school health programs for children, disbursement of medicines and also arranging financial help in the field of education for poor people and training for their livelihood has been incorporated with a governing body along with other members to achieve its objectives and Monthly ration Distribution program for needy people for rural area. We have achieved to get registration under **section 80G in the Income Tax Act.**

Moreover, Gladly this year very soon Trireme Mankind Foundation has introduced a telemedicine App under the name and style **“Health Guide”** for the people who can avail telemedicine consultation with reputed medical practitioners and can avail all other support like medical test and medicine under this application by registering their names. It is a huge scope for rural people under this Application to reach wide range of qualified Doctors at any point of time without coming into city except in emergency cases. We know there is a word **“prevention is better than cure”** in medical tongue. We can save thousands of lives if we are under regular health check up and under medical advice. This application will help the people to prevent themselves from suffering disease, chronic problems etc. as this application will provide all necessary support to the people in terms of availability of doctors, medicine, health checkup and other facilities at an affordable cost. Those people who do not have any Android phone to use this applications they will be chosen as a Medical solicitors for providing service to the patients through **WI-FI enable LED** generated screen in a block of a Village under a particular area. The trained Medical solicitors will be fix appointment of the patients and Doctors.

We have distributorship model and a modern hierarchy of management and efficient sales team who have been continuously contributing towards the Company to achieve a good result. **We have a good Medical Advisory Board consist of renowned Doctors who have been giving support in terms of Molecules, Sales strategy, Training to Medical Representatives and other Bio Technical knowledge which is our essence.** We have recently introduced a legal cell under the guidance of **MB Advocates and Solicitors in our Company to protect intellectual property rights of our product like Trade Mark, Patent etc. and also to solve other corporate legal issues to make the company in better position.** The legal cell also looks after the legal issues of our associates and emerging entrepreneurs who will be joining us in our entrepreneurship program for statutory and legal compliance. It includes **Trade Licence, GST Registration, Drug Licence, GST Return Filing, P Tax, Income Tax and any other Legal assistance whenever required.** We are at over 12th years of journey and within very short time we are currently operating our marketing in Pan India and having almost 120 nos Employees and indirectly 2000 stakeholders. We have successfully developed approx. 300 plus Distributor network and Extension business Approx 12 states in India. We have planned to open 250 head quarters in Pan India by the Ethical Marketing & OTC Promotion before of the financial year **2029-30** and expected group business turnover of **Rs.150** (One hundred Fifty) Crores. We shall definitely ranking of the best pharmaceuticals company in India.
