### Recycled Plastic Market Size to Hit USD 72.6 Billion by 2026; Increasing Demand from the Packaging Industry Worldwide to Spur Demand, Says Fortune Business Insights™

Key companies covered are KW Plastics, Veolia, Custom Polymers, Plastipak Holdings, The Coca-Cola Company Incorporated, Suez, B. Schoenberg & Co., Fresh Pak Corporation, B&B Plastics, Green Line Polymers, Ultra Poly Corporation, Clear Path Recycling, Jayplas, MBA Polymers, RJM International Inc., CarbonLite Industries LLC, Envision Plastics Industries LLC, ReVital Polymers and more players profiled in the recycled plastic market research report

From June 21, 2020 (USD 500,000) - The global recycled plastic market is expected to witness significant growth based on increasing demand from the packaging industry. Europe is expected to be the largest market for recycled plastic, followed by Asia and North America. The market is expected to grow at a CAGR of 8.5% from 2020 to 2026. The market is expected to reach USD 72.6 billion by 2026. The market is expected to be driven by increasing demand from the packaging industry, increasing investment in manufacturing through recycled sources, and increasing demand for recycled plastic from the automotive and construction industries.

### Plastic water bottles will stay till substitute found: Ram Vilas Paswan

New Delhi: The government will not ban use of plastic bottles for water unless there is a practical and affordable alternative available, said food and consumer affairs minister Ram Vilas Paswan.

### NGT 'Polluter Pays' principle does not mean that polluter can pollute and then pay for it - Must include environmental cost and direct cost to people

Prime Minister Narendra Modi had called for an end to plastic to protect the environment.

Recycled Plastic market is expected to exhibit a CAGR of 8.5% to 2026. Increasing investment in Manufacturing Through Recycled Sources Will Provide Impetus to Market Growth, says Fortune Business Insights™

## What is AIPL MISSION GREEN?

Recyclability is not just the sustainability of the material. It is important to look in to the whole life cycle of the material. From the selection of recycled raw material to the end of life of the material, bio degradability.

AIPL has always been concerned and active for sustainable solutions for safe & green society. AIPL has always believed in qualitative and optimized use of natural resources and has considered itself as responsible Corporate towards the future of the mother earth and generations to follow.

We at AIPL do our effort to help the society and earth.

HELP CONSUMERS, HELP THE WORLD, HELP YOUR BRAND

# SELF ADHESIVE KRAFT PAPER TAPE

AIPL Green Biodegradable self-adhesive Kraft paper tape is eco-friendly tape. This tape is biodegradable and biocompostable.

## Technical Specifications

Type of paper	: High strength Kraft paper suitable for packaging
Paper GSM	: 60 gsm
Tape thickness	: 120+ micron
Color	: Brown & White
Printing	: Upto 3 color printing available
Adhesive	: Rubber type
Size	: Popular 60mm x 50mtr and 72mm x 50mtr (Other size also available)
Adhesion	: Strong adhesion

Similar strength when compared with normal BOPP tapes of 23-30 micron base film.

This Tape is plastic free and best suited to replace single use plastic tapes.

Manual Dispenser

STRONG GRIP

EXTRA POWER

BIO DEGRADABLE

# SELF ADHESIVE KRAFT PAPER TAPE

AIPL Green Biodegradable self-adhesive Kraft paper tape is eco-friendly tape. This tape is biodegradable and biocompostable.

## Technical Specifications

Type of paper	: High strength Kraft paper suitable for packaging
Paper GSM	: 80 gsm
Tape thickness	: 120+ micron
Color	: Brown & White
Printing	: Upto 3 color printing available
Adhesive	: Rubber type
Size	: Popular 60mm x 50mtr and 72mm x 50mtr (Other size also available)
Adhesion	: Strong adhesion

STRONG GRIP

EXTRA POWER

BIO DEGRADABLE

Manual Dispenser

# ECO FRIENDLY HONEYCOMB PACKAGING PAPER

Honeycomb, is a very good eco-friendly product that replaces typical air bubble film made of plastic. It is lightweight material that has excellent compatibility with other materials and an excellent strength-to-weight ratio. It is also more economical packaging material, thereby making it an ideal choice, as honeycomb products are made from recyclable, bio degradable and bio compostable paper.

Replacement of plastic Air Bubble sheet

## Technical Specifications

- Size : Popular 370mm x 200mtr & 500mm x 200mtr other size also available
- Recyclable : Yes
- Biodegradable : Yes
- Color : Brown
- Thickness : Range from 80 gsm to 110 gsm paper (Availability needs to be planned)
- Dispenser : Used for better productivity

Manual Dispenser

## DUNNAGE PAPER

Wrap your product with eco-friendly layer of protection with AIPL dunnage paper. Paper works well for blocking and bracing, and as a general void fill option. This paper is a low cost packaging option it is also one of the “greenest & cleanest” products in the market. The most commonly used for this kind of paper is filling voids. It can be bundled into any shape needed and this is a big part of its utility. Excellent for filling empty spaces in oversize boxes when packing items for shipping and handling. Lightweight yet holds heavy items firmly in place in transit.

# WATER ACTIVATED KRAFT PAPER TAPE KP90

Water activated reinforced Kraft paper tape is 90% fully recyclable / bio compostable made of biodegradable adhesive, for light and heavy duty packaging. Along with the box this tape can be easily recycled.

## Features:

Extremely tamper resistant | Provide strong seal | Easily torn by hand

## Technical Specifications

Sizes	: Popular 75mm x 50mtr (other size also available)
Thickness	: 150 micron + tolerance
Adhesive	: Water activated adhesive
Biodegradable	: Yes
Colour	: Brown
Printing	: Available

Dispenser - Please use dispenser for better productivity.

# REINFORCEMENT KRAFT PAPER TAPE

Specially designed Self-adhesive Reinforced Kraft Paper Tape is used for carton sealing applications. Our range is best known for its durability, powerful strength, and reliability. Most importantly is bio degradable and eco-friendly tape a constant quality performance product with reinforcements imparting high tensile strength and providing an extra margin of strength to your packages.

## Technical Specifications

Type of paper	: High strength Kraft paper suitable for packaging
Paper GSM	: 60 gsm
Thickness	: 150+ micron
Color	: Brown
Adhesive	: Rubber type
Size	: Popular 60mm x 50mtr and 72mm x 50mtr (Other size also available)
Adhesion	: Strong adhesion

# RECYCLABLE BOPP TAPE (RBOPC75)\*

## Technical Specifications

Tape Film Thickness	:	50+ micron
Adhesive Thickness	:	25 micron
Color	:	Transparent
BOPP Film	:	Recyclable Film
Adhesive	:	Specially formulated adhesive
Length	:	65m & 100m
Printing	:	Upto 1 Colour (Black, Red & Blue)
Adhesion	:	Strong adhesion

1. AIPL is ready to buy back used tape at ₹10/- at specified location. Please visit [www.ajitindustries.com/aiplgreen/](http://www.ajitindustries.com/aiplgreen/)
2. AIPL is registered under Plastic Waste Management Rule 2016
3. ±2 micron on total thickness tolerances

## AUTOMATIC DISPENSER

### Technical Specifications

Dimensions	:	20" L x 12.5" W x 12" H (51 cm x 32 cm x 30 cm)
Tape Roll Capacity	:	Up to 1,000 foot roll of tape-up to 10" diameter-1-1/2" to 3" wide
Dispensing Length	:	45" per second

## MANUAL DISPENSER

### Technical Specifications

Dimensions	:	19.5" L x 9.5" W x 12.5" H (59.5 cm x 24 cm x 32 cm)
Tape Roll Capacity	:	1.5" to 3" wide, Up to 7.5" diameter, Up to 600' length roll
Dispensing Length	:	Up to 30" (76.2 cm) in a single handle stroke Unlimited length with repeated handle strokes Multiple preset lengths on clearly marked dial

## ABOUT AIPL

Ajit Industries Private Limited (AIPL) is one of the pioneers in India engaged in manufacturing and marketing of various types of Pressure Sensitive Self Adhesive Industrial tapes and Die-Cuts. Incorporated in the year 1998, AIPL was started with a vision to be the leader in the category and today AIPL holds the place of pride in the Industry.

As a Responsible Corporate we are introducing complete eco-friendly solution for taping and packaging business. With our core values "Smart Strong Stable" as Corporate we bringing "Sustainable" products for the greater good of the Society. AIPL is registered under Plastic Waste Management Rule 2016.

AIPL is ready to buy back used tapes at their specified warehouse/unit at ₹10/-. For more information please visit
