## About Us

In 2017, we, Allen Exim, set out with a clear goal of becoming a reliable partner for national organizations seeking high-quality chemicals. As time passed, we gained recognition & respect from some of the biggest names in the industry. Today, we are a rapidly expanding manufacturer & supplier with a vast nationwide network, and are dedicated to providing customers with Chemical Reagents like Meta Amino Acetanilide and Para Amino Acetanilide. Our location in Gujarat, India, strategically places us as a trusted partner to a vast customer base.

Our products are in high demand due to their pure composition, adherence to the latest standards & exceptional quality. Additionally, our products are packaged with utmost care in tamper-proof packaging to protect them from moisture & other potential damages. Our team of experts closely monitors the entire process, from manufacturing to quality checking & packaging, ensuring a seamless and efficient business process.
