Food Machines
We Make Special Chef

COMPANY PROFILE

Manufacturers:

Food Machineries - Kitchen, Hotel, Bakery, Kalyana Mandapam, Industrial Canteen, Hospital Canteen, Government Canteen, Charitable Organisation Kitchen, Temple/Ashram Kitchen and Senior Citizen Home Kitchen.

Consulting | Designing | Manufacturing | Service

Established in the year 2003, we " SRI LAKSHMI FOOD MACHINES", are counted amongst the Prominent Manufacturers, Suppliers and Exporters of all kinds of Food Machineries, Kitchen Equipment accessories. Our Products available in varied capacities, shapes and sizes, these are highly appreciated for their perfect finish, durability and dimensional accuracy. Our equipments have been successfully installed and efficiently operated all over India and in overseas countries with the assurance of best quality materials and workmanship. Our range of kitchenwares is highly demanded in canteens, clubs, marriage halls, resorts, hotels, hospitals, temple, ashram and charitable organisations.

Our mentor, Mr. N. Venkatesh, B.E. holds vast industry experience and knowledge in this domain. He guides us in every field of business right from procurement of raw material to marketing of products. His strong business acumen & in-depth expertise have been a source of inspiration for our professionals.

Product Portfolio:

Being a prominent manufacturer, supplier and exporter, we are engaged in offering a comprehensive range of Cookware (Murukku, Chapati, Appalam/Pappad, Idly, Dosa, Parota, Idiyappam, Sevai, Laddu, Vada, Juice Machines and pulverisor etc..) and Kitchen Equipment Accessories. Using good quality of stainless steel, these are available in different capacities, shapes, designs and sizes. Our products are at par with international quality standards and find application in canteens, clubs, hospitals, software institutions, educational institutions, hotels, resorts, clubs, marriage halls, charitable organisation, Temple, Ashram and Senior Citizen Homes.

In addition to this, all these traits have enabled us to predicate a stretched-out client base across the globe in and around the Indian Subcontinent, Central America, South East Asia, Singapore and Sri Lanka.

AUTOMATIC MURUKKU MAKING MACHINE

Specification

- Operation : Computerized
- Dimension : 53" X 32" X 91"
- Power Required : 2 Hp Smart Motor
- Hopper Capacity : 15 Kg

SEMI AUTOMATIC MURUKKU MACHINE

Specification

- Operation :PLC operated
- Dimension : 53" X 32" X 91"
- Power Required : 2 Hp Motor
- Hopper Capacity : 15 Kg

Features

We can design more than 25 types of murukku as per customer order. We set the die for different types of Murukku like manaparamurukku, jangri murukku, coil muruku,etc. and could be displayed in the panel. Weight of each piece are identical. Easy handling & Fully Automatic.

RING MURUKKU

Features

- Weight of each piece are identical
- Adjustable speed
- Could make Cheeda and cylindrical shape murukku

Specification

- Power Required: 0.5 Hp | Phase
- Dimension:15" X 20" X 48"

NAMKEEN

Features

- Production capacity per hour : 200 to 250 kilogram

Specification

- Die Could be changed
- Operation : continuous Process
- Dimension : 48" X 12" X 20"
- Power Required : 1 Hp

FULLY AUTOMATIC CHAPATI MACHINE

Specification

- Type : Both in Pneumatic & Mechanical
- Dimension : 120" X20" X84"
- Power Required : 2000 watts heater
220 Lit Compressor (or) 3 Hp Motor

Features

- 800/chapathis per hour
- Diameter and Thickness could be varied as per our specification
- Machine Running Under Pneumatic Systems
- Control panel with PID based temperature controller
- More hygienic and soft chapattis compared with handmade process
- For precision and repeatability J - Type button sensor is used
- Speed of operation can be varied as per your requirement

SEMI AUTO CHAPATHI MACHINE

Features

- Fully Boiled Chapatti
- It is processed layer by layer so Soft chapathi are obtained

Specification

- Type : Semi Automatic
- Dimension : 72" X 48" X60"
- Power Required : 2.5 Hp

Features

- Fully Boiled Chapatti
- Teflon coated pressing plate
- J - Type button sensor is used

Specification

- Type : Semi Automatic
- Dimension : 108" X 20" 48"
- Power Required : 3 Hp

Features

- Fully Boiled Chapatti
- Soft Chapatis
- Compact in Size

Specification

- Type : Semi Automatic
- Dimension : 48"X48"X70"
- Power Required : 2 Hp

UNCOOKED CHAPATHI MACHINE

Features

- Thickness and size can be adjusted
- Speed can be varied for desired output
- 8" Diameter - 2000 pcs / Hr

Specification

- Type : Automatic
- Dimension : 96"X20"X48"
- Power Required : 1 Hp

FULLY AUTOMATIC PAROTA MAKING MACHINE

Features

- Sheet thickness can be varied
- Weight of each pieces were identical

Specification

- 800 Parota / Hr
- 3hp motor
- Dimension : 264" X 20" X 36"

SEMI AUTOMATIC PAROTA MAKING MACHINE

Features*

- Type : Semi Automatic
- Operation: Pnèumatic
- Dimension: 72" X 20" X 48"

Specification

- 500pc's / Hr
- Sheet thickness can be varied
- Weight of each pieces were identical

FULLY AUTOMATIC PAPADAM MACHINE

Features

- Type : Automatic
- Dimension : 360" X 30" X 84"
- Power Required : 12 Hp

Specification

- Temperature could be varied
- Moisture free Papadam
- Papadam from this machine could be packed immediately

APPALAM & PAPADAM MAKING MACHINE

Features

- Type : Automatic
- Dimension : 100" X 30" X 36"
- Power Required : 2 Hp Motor

Specification

- Could process 100 Kg/Hour
- Variable Speed could be adjusted
- Thickness and Diameter could be varied

CHAPATHI BALL CUTTING

Features

- Weight of the Ball is Identical
- Cut count is displayed
- Various size of ball cutting

Specification

- Dimension : 15" X 15" X48"
- Power Required
- Pneumatic (Compressor),
- Hydraulic (2 Hp Hydro Power)
- Mechanical (1 Hp Motor)

CHAPATHI PRESSING MACHINE

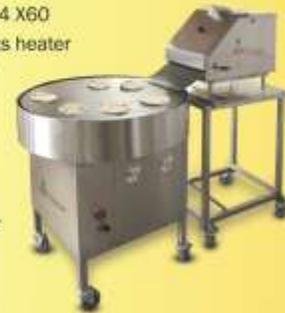

Features

- Half boiled Chapati obtained
- Easy Handling
- Hygienic Preparation

Specification

- Dimension : 24 X24 X60
- Power : 2000 Watts heater
- 1 Hp Compressor

DOSA MACHINE

Specification

- 60 Dosas per hour
- Table Top
- Operation : Automatic
- Dimension : 20"X20"X20"
- Power : 4000 watts Heater /1 Hp

Specification

- 500 Dosas per hour
- Dimension : 30" X 30" X 30"
- Power : 1/2 HP

Features

- Adjustable oil consumption
- Delicious and rolled dosas
- Uniform shape & texture of dosas
- Different type of dosas can be produced
- Stuffed Dosa also be made.

IDLY MACHINE

Features

- 1200 idlies per hour
- Hygienic preparation
- Soft idlies Variable Sizes
- No batter Wastage

Specification

- Type : Auto
- Operation : Pneumatic
- Dimension : 90" X 20" X48"

VADA MACHINE

Features

- 800 Tasty Vadas/Hour
- Uniform frying
- Less oil consumption
- Predetermined shape and size

Specification

- Operation : LPG as well as Electrical
- Dimension : 18"X20"X48"
- Oil Capacity : 15 Lit

Features

- 1200 Tasty Vadas / Hour
- Uniform frying
- Identical Size
- Continuous production system

Specification

- Operation : LPG as well as Electrical
- Dimension : 36" X 40" X 48"
- Oil Capacity : 50 Lit

SRI LAKSHMI FOOD MACHINES

Amla Juicer Machine
Capacity 50, 100, 200, 300kg / Hour

Hallwa Kova, Mysoorpa Making Machine
Capacity 20, 40, 120 kg

Hammer Mill Pulverizer Machine
Capacity 100 to 1 Tonne kg / Hr

Pulverizer Machine
Capacity 25 to 60 kg / Hr

Cooking Machine
Capacity 50, 100, 200, 500 Liter

Blender Machine
Capacity 50, 150, 250, 500 kg

Cone Blender Machine
Capacity 50, 150, 250, 500 kg

Chicken Feather Clean Machine

Pop Corn Machine

Sugarcan Engine Type

Shooter

Sugarcan Machine

Seval Machine

Samosa Machine

Appalam Extruder

Katta Machine

Vegetable Cutter Machine

SLICERS

1.2, 3mm & 6mm, 10mm & 15mm

GRATERS

3mm, 4mm, 5mm

DICERS

10x10x10
15x15x15mm
20x20x15mm

FRENCH FRIES

3x3mm, 4x4mm
6x8mm, 6x10mm

LAYS

2.5mm, 3.5mm

Banana Slicer

SRI LAKSHMI FOOD MACHINES

Instant Rice Grinder
Capacity 40, 80, 100 kg

Instant Masala Grinder
Capacity 40, 80, 100 kg

Planetary Machine
Capacity 5-100 Litre

Potato Peeler
Capacity 5-50 Kgs

Chicken Griller
Capacity 5, 9, 12, 15, 20, 30 Chickens

Dough Kneader
Capacity 5-50 Kgs

Tilting Grinder
Capacity 10-40 Litre

Rice Washer

Samosa Sheeter

Laddu Machine

Juice Extruder

**Wet Pulverizer
& Gravy Machine**
