## About Us

The very name of our company, Stainless Solutions, depicts our specialization. Across the nation, we are popular for providing quality solutions for industrial applications, which demand impressive stainless steel items like Magnetic Stainless Steel Plate, Stainless Steel Pipe, Stainless Steel Plain Coil, etc. Our product line passes through several tests of quality before the process of shipment. Reason after this lies in our seriousness towards serving 100% genuine quality products.

Excellent corrosion resistance, impact resistance, aesthetic appearance and high strength are some basic features of stainless steel, which are found in final product line. As a trader, we enjoy association with some industry's best vendors who promise quality against money. Our company as a third party manufacturer of SS Pipes, make use of singularly tested base materials.
