## About Us

The goal of Bhagawati Enterprise is to be a reliable partner to all the firms which are involved in the business of Sterilized Surgical Instruments. Through a wide distribution network, our company serves to several channel dealers a wide impressive line of Microscopy Equipment, Medical Surgical Equipment, Retractor, etc. We operate as a reliable importer and wholesaler/distributor of quality-marked products. All the products are designed by sourcing company using modern technologies and quality-assured base materials. Huge market and industrial experience help our company in well-understanding diverse requirements of markets. Warehousing facility of our reputed company is near to all modes of transportation. It is installed with big sized storage systems where offered line is well-kept in categories for easy product identification at the time of shipment. Products are well-packed using strong packaging materials which eliminates possibilities of products getting damage during transportation.

Bhagawati Enterprise is a 1994 formed business unit that is making a big name in this competitive business industry by serving matchless quality of Surgical Instruments, Medical Equipment, etc. Our business unit is earning a huge amount of money by being a reliable medium to source quality-assured line of Neurosurgery Instruments, Microscopy Equipment, etc. Office space of the enterprise is located at Vadodara (Gujarat, India). From this place, we are carrying out business operations on ethical grounds. Our business unit enjoys close relationships with all international business associates. We pay huge focus over quality which is why we conduct rigorous tests on range prior the process of shipment.
