PLAY ENVIRONMENT

**For a range of over
200 products
do ask for our latest Buyers Guide**

Made in India
with Creativity
and Conviction

Arihant Industrial Corporation Ltd. was founded in 1985 with focused manufacturing of various Sports Goods. Our products are designed for mental and physical development along with competitive sports spirit for children by building team spirit and co-ordination techniques.

Playing for Children in more ways than one

Lakhs of children and their friends visit our water park on the outskirts of Mumbai.

We are amongst the Top 5 in the world in designing, making and installing rides and other equipment in water parks.

We are the single largest playground equipment and accessories company in India, bar none.

We have been in the business of delivering happiness, fun, and challenges to children and their parents for nearly forty years, serving tens of thousands of customers in over forty countries worldwide.

But Our Business Is Not Really About Us.

It's about each child that visits our water park, or plays on our rides and slides and other equipment, or lands on our surfacing solutions. And it's about our customers – educators, builders, landscape architects, municipality officials, resort owners- who are passionate about children, their friends and their families.

Like parents we use our intuition to look at how children would play, at what time and with whom. Like scientists, we use intelligence to research our customers, make our designs, choose material and manufacture our equipment.

Both ways, we are fussy, very fussy. It is as if we are building a space ship. It works.

Delivering Smiles through Sense and Science.

INC INDIA MAGAZINE HAS
RECOGNISED US AS ONE OF THE
**100 MOST
INNOVATIVE**
MID-SIZED COMPANIES
IN THE AREA OF PRODUCT

On behalf of our employees and channel partners, we accept this recognition with humility and dedicate it to our customers and the children who use our products.

Without their support and scrutiny, we would be just another company.

The company we keep

Providing superior service is something in our genes, but you don't just have to take our word for it. Here are few testimonials that represent thousands of happy customers across the globe.

Corporates |

Why corporates prefer us?

Being a part of thorough professional team, we understand challenges and pressure of corporate life. We map out every job and work with you to arrive at our destination together.

Industry Experience of over 37 years: Playtime has a rich heritage of innovative design and engineering that moves Play forward. Hence every member of the team understands the nuances of working around children.

Over 200,000 installations: We have effectively installed more than 200,000 play systems across the globe. When you work with us, you have a single point of contact for your design and installation. Client always knows where we are on his job and where we are going.

CSR-Swacch Bharat: Our CSR policy is at the core of our daily operations and guides our future progress. Setting a good example is the greatest benefit, in that we inspire other organizations, companies and individuals to 'up their game' when it comes to social and environmental responsibility.

Playtime Arihant has ensured that the products that they develop are extremely safe for kids use without compromising on the aesthetics. Their product quality is excellent. The colors and characters that they have make the equipment very appealing and attractive to the children. They ensure that their products are delivered and installed well in time.

The strongest factor why we recommend this organization to people is their customer service. While their products are of an international class, it is the way they interact with their clients which distinguishes them. Their interaction is not limited to the sale. They stay in touch and keep updating you even after sales. I have no hesitation in recommending Playtime Arihant!

Developers |

Why developers count on us?

One stop solution: We are happy to offer our clients with a complete solution for all of their playground equipment needs from design to installation, safety surfaces, fitness sector, garden decor equipment and beyond. This eliminates the need for our clients to contract with several entities to get their project completed, saving valuable time and cutting down on the overall cost of their project.

Innovative: Owing to our innovative designs and stimulating product range, you can easily choose as per your requirement. All the play structures are artfully packed with lot of play experiences for different age groups.

Over 170 Play consultants: We have a collective network of 170+ Play consultants who are always available to understand your needs and recommend playground equipment suiting your needs. Our network of Play consultants is spread pan India to provide maximum reach and assistance. Feel free to get in touch with us, we deliver no matter where you are.

“The play system from Arihant is very child-friendly, durable and of a great quality. They are very attractive and safe for kids to use. Our projects have them since over 6 Years now and they still look and function as new brand new equipment. We are very satisfied with the product and the services rendered by Arihant even after the actual sale and often recommend it to others. Great Job! Keep it up.”

Mayur Shah
