

ABOUT THE COMPANY

Mash Group, established in 1962 is an Indian conglomerate and Exporter of Finished Leather, Leather Goods & Accessories, Safety & Protective garments, Safety Shoes, Pet food and Meat processing. Mash Group incorporates modern Infrastructure & resources with highly technical, skilled and semi-skilled workforce, supported by our Competent Management Team.

The ISO 9001 Certified Mash Group reported a turnover of over 65 million US\$ in the fiscal year 2015 and has four manufacturing facilities spread over 3,00,000sq.ft. It employs a workforce of over 1500. Our strict adherence to high quality standards, enable us to comply with EN, ANZ, CSA norms and other international quality standards.

MASH GROUP

Safety shoes play a vital role in making work places safe and secure. Being one of the most reputed Manufacturers of safety shoes, our safety shoes have become an essential part of oil exploration industry, oilfields, coal mines, construction industry and other industries - where safety shoes are a mandatory. We supply high quality safety shoes which strictly meets the compliance standards recommended by international institutions for labor safety. Our short turnaround time for meeting challenging demands in safety shoes is well known in the industry. We offer a wide variety of safety shoes in various shapes and sizes as per the industry requirements. Since its inception in 1975, the company's mission has been to produce state of the art products conforming to global quality standards. Over the years, the company has adopted latest technologies in all the field to give it self a competitive edge over others.

Mash Group is also recognized worldwide as a leader in manufacturing of Workwear making the most comprehensive line of specialized PPE.
