## About Us

We, Konstruct Technofab Private Limited, offer high-quality prefabricated products and portable buildings in different shapes and sizes for all kinds of projects. Established in 2017, our goal is to provide the best possible accommodation solutions for various requirements of clients. We have earned an impressive reputation in the industry as a reliable manufacturer, supplier, service provider, producer and fabricator of a wide range of products such as Building Structure, PEB Structural Shed, Industrial Shed, Pre Fabricated Building and many more. In addition, we provide various kinds of Fabrication Services to our clients.

We design and produce some of the most modernised modular and relocatable building systems in India. They are designed and fabricated under proper monitoring by our expert engineers and designers using the latest technology. We have a state-of-the-art production facility, which is equipped with all kinds of modern machinery and tools for the proper fabrication of several products. We understand time and budget are the two biggest factors that most of the clients are concerned about, so we take care of them. Our speed of construction is carefully monitored, leading to a good savings in site construction.
