## About Us

Making holes of prescribed surface finish and diameter in metal, wood and various other products is a common task performed in various industries. This process of preparing holes is usually known as drilling process and is performed quite easily, speedily and at minimum cost, only if right type of drilling machines are used. In order to bring forth the most correct, less space consuming, low energy eating, efficiently performing and reliable result rendering Drilling Machines, we, Chamunda Mechanical Works came into existence. The company started operations in the year 1985 as a Manufacturer and Supplier of Heavy Duty Motorized Pillar Type Drill Machine, Redial Drill Machine, along with a host of other types of drill machines. These technologically advanced machines are user-friendly and facilitate quick drilling.

We are fortunate to have a team of proactive professionals, who develop, design, quality check, pack and dispatch orders to the customers in the most perfect way, without any hassle. The main aim of the company since its very establishment is to cater all the requirements of customers regarding drilling machines. Adhering to the same, we are making available our specially designed and heavy work performing Motorized Pillar Type Drill Machine in various specifications like 19mm, 25mm and 38mm.

## Key Facts

<b>No of Staff</b>	6
<b>Year of Establishment</b>	1985
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	Yes

## Our Products

**38mm Heavy Duty Pillar Drill Machines**

**19 Mm Pillar Drill Machine**

**25 Mm Radial Drill Machine**

**25mm Heavy Duty Pillar Drilling Machine**
