About Us

Silicon Enterprise, is one of those platforms where the buyers will get different kind of products under single roof. Established in the year 2006, we have gained great success in the market with the maximum usage of our potential and resources. Currently, we are operating the business as a manufacturer, importer, exporter and trader of 3D Holographic Display Advertising Fan, Pure Honey, Display Film, etc. The raw material utilized for manufacturing these goods are procured from the vendors located in China which are selected on the basis of their reputation, price & delivery structure, financial standing, etc. Once our final products are manufactured and quality examined, they are exported to different parts of the world because of their rapidly growing demand in the market. We being a professional business enterprise, putting our best efforts to ensure that our customers will experience the best.

Silicon Enterprise is a well-established business enterprise in India which is running all its operations from Surat, Gujarat based facility. The company is exporting its entire range of Display Film, Pure Honey, 3D Holographic Display Advertising Fan, etc., all across the world due to their growing demand. Before introducing the products in the market, they are thoroughly examined on varied grounds with the help of modern instruments & tools. In accordance to the international standards, we design & develop our product line by using best quality raw material sourced from China. Through our superb shipment facility, we are exporting our products across the globe within the promised time frame.
